

# Back in box

*Back in box,  
protecting  
your returns.*

**Benefits:**

1. Easy to manage and follow-up administratively.
2. You are sure that you get the correct core back from your customer.
3. The quality of the core is better protected.

Core will be accepted for surcharge credit based on our identification, subject to our normal core quality acceptance criteria and eligibility.

Graphics used in this scheme are for illustration only, the process is valid for all product groups.
